H.R.Z. Software Services LTD

# MODALIZER+ Corporate vs Individual

	Online Subscription	Corporate License
Features	All the features. Same software	All the features. Same software
Delivery	Download from web site	Get copy from us (signed copy with corporate digital signature)
License	Per unit annual/monthly subscription buy online (\$150/\$15)	Global corporate license for a fixed annual price valid for all workstations and users of the corporate domain. The license is a digital certificate issued for the organization domain (DNS).
Activation	Activate every computer separately using HRZ customers portal.	Requires no activation. A single license file for the entire organization
Evaluation	Free 30 days evaluation.	The evaluation mode is blocked to prevent unauthorized access.
Active Directory Integration (User permission)	Not available	Only users with license certificate installed in their user store can use MODALIZER+ (deploy using AD policy). Without the license certificate a warning message is displayed ordering to contact the admin.
